

Gifted English 10

Vocabulary Lessons 5 & 6 Review Activity

TABOO

Part One: Creating Cards

- Something that is taboo is forbidden or banned.
- The first step in the TABOO review game is to create cards that list each vocabulary word and four related words that are forbidden as clues.
- Working in teams of two or three, create cards for your assigned vocabulary words from lessons 5 & 6. Write the word at the top in all capitals and the four forbidden words beneath it.

Part Two: Playing the Game

- The goal of this game is to verbally lead your team to guess the vocabulary word without saying any of the forbidden or banned words on the card.
- Each team will take a turn, and the clue-giver will have one minutes to prompt the team to say the correct vocabulary word.
- If the minute expires and the team has been unsuccessful, the other teams will have an opportunity to guess the word.
